## MISSION

When a family has a child being treated for cancer, it quickly becomes a daily struggle just to hold everything that matters together. For families under such constant stress, Joshua's Camp is a very special retreat with a life-renewing mission. We offer a safe haven where everyone in the family is given the opportunity to step back, relax, and experience a feeling of solid ground, while joining with others who understand the true nature and reality of the challenges of cancer treatment. Joshua's Camp is available to qualifying registered families **free of charge**.

The magic that takes place at Joshua's Camp unfolds at the Metropolis Resort featuring Chaos Indoor Water Park and Action City Fun Center & Trampoline, located in Eau Claire, Wisconsin. Metropolis Resort, designed with families in mind, treats everyone to fun-filled activities, including indoor and outdoor adventures.

You might want to think about bringing a western outfit to camp (no spurs please) because we also head over to Trinity Equestrian Center, located in Eau Claire, Wisconsin, to do some "horsing around".

## QUALIFICATIONS

The admission requirements for Joshua's Camp include a medical clearance from the child's primary oncology physician and a referral from his or her cancer treatment center. The child must be 18 years of age or younger, in active treatment, or out of treatment for 3 years or less.

## HOW CAMP GOT ITS NAME

Joshua's Camp was named in memory of Joshua Holm who lost his battle with cancer in 2008. Joshua had a wish he expressed to his parents. He told them when he got better he wanted to find a place where families going through the same ordeal could come together and have fun again the way it was before cancer became a part of their lives. Joshua's Camp is the manifestation of a wish fulfilled and a tribute to the kindheartedness and devotion of those who volunteer and support the mission to celebrate the courage of children and families affected by cancer.
